

FINNAIR

Welcome to
Finnair Cargo's web portal

Schedule

Schedule

The Schedule function is used to view detailed information on Finnair flights. Search is available for all operation types: passenger, freighter and trucks.

Service provides access to the below types of flight schedules.

1. Specified Date Schedule

This search is available for searching schedules on a specific date between specified origin/destination.

2. Flights from Station Schedule

This search shows details of all flights operating from the selected Origin on a selected date.

The schedules viewed can also be downloaded in PDF format.

Specified Date Schedule

Insert required Origin-Destination pair and Date and click **"Get Schedule"** to have results of available schedules.

Search [Advanced Search](#)

Specified Date Seasonal Flights From Station

This service will provide a listing of all Mercator flights with connections for the Origin/Final Destination pair + Date combination and any advanced search parameters selected.

Origin*

Final Destination*

Date*

With advanced search user can specify Flight Number, Departure/Arrival Time and Mode of transportation.

Flight Number

Mode Passenger Freighter Truck

Departure Time

Arrival Time

Based on search parameters, flights will be displayed on a list below. By selecting a flight user can **"Check Availability"** of space on a particular flight as well as **"Create Booking"**.
