Tracking

## Tracking

The tracking function provides users with the capability to track the status of shipments at any time. It is possible to track a single shipment or multiple shipments.

### Single Shipment Tracking

Enter an air waybill number and click on the **"Track"** button.

Track Shipment				<a href="#">Multiple shipments</a>	
Document No.	AWB	105		Confirmation No.	
<input type="radio"/> Text view <input checked="" type="radio"/> Tabular view				<input type="button" value="Track"/> <input type="button" value="Reset"/>	

System will generate a tracking record showing all movement records. The list shows shipment status in historical order.

Track Records
